About Us

Architectural hardware is a game of striking a fine balance between fine creativity and robust functionality.

At Golden White Industries, we have achieved this balance seamlessly and earned a name for a wide range of architectural hardware offerings, which can grab attention with their fabulous looks and win hearts with their unflinching performance.

We offer a myriad range of Cabinet Handles, Main Door Handles, knobs and Drawer Pulls and much more. Today brand Golden White has created a name for itself in the market for its dependability and precision.

Backed with stringent quality control and meticulous manufacturing processes, our products offer faultless quality and complete peace of mind.

Expanding our footprints in the market, we have established long term relations with distributors, the opinion-makers, and the end-users, creating a strong presence for the brand.

What unfolds before you is a result of our penchant for perfection!
